# About PRINCE2 Certification Training

The PRINCE2 Certification Course is a comprehensive program designed to provide project managers with the structured approach and methodologies to manage projects successfully. The course covers essential PRINCE2 principles, themes, and processes, offering a robust framework for managing projects of any size and complexity. Professionals and teams will gain practical knowledge in applying the PRINCE2 methodology, enhancing their ability to deliver projects on time, within budget, and to the required quality standards. The course prepares individuals to achieve PRINCE2 certification. This globally recognized and respected qualification is widely valued across various industries, ensuring they are well-equipped to handle the challenges of modern project management.

Invensis Learning is accredited by AXELOS(PEOPLECERT) to offer an extensive **PRINCE2 Certification Training Program** in both the levels: **Foundation and Practitioner.**

# **Benefits** of PRINCE2 Certification

| At **Corporate Level** | For **Individuals** |
|---|---|
| Structured and Consistent Project Management Approach | Global Recognition and Credibility |
| Improved Project Success Rates | Enhanced Project Management Skills |
| Better Resource Management | Increased Career Opportunities |
| Alignment with Organizational Objectives | Ability to Manage Projects of Any Size and Complexity |
| Enhanced Governance and Accountability | Recognition as a Qualified Project Manager |
| Reduced Project Risks | Improved Leadership and Decision-Making Skills |
| Increased Efficiency and Cost Control | Access to a Global Professional Network |
| Scalability Across Different Types of Projects | Better Understanding of Roles and Responsibilities |
| Better Stakeholder Engagement | Ability to Apply a Structured Approach to Project Management |
| Improved Quality of Deliverables | Preparation for Advanced Project Management Roles |

You will learn from qualified, accredited, certified & highly experienced trainers in a classroom.

## Live Virtual Training

Enroll for Instructor-led Live Online Sessions and attend from Anywhere.

## Corporate Group Training

Cost-Effective and Customized Instructor On-site Group Training for Enterprises.

## Focused 1-to-1 Training

Achieve focused learning with a dedicated trainer and custom dates.

# Training Curriculum

## PRINCE2 **Foundation** Certification Course Overview

### Module 1 Key Concepts Related to Projects and PRINCE2

- Recall Key Concepts Related to Project Management
  - Definition of the integrated elements of PRINCE2: principles, people, practices, processes, and the project context
  - Definition of a project and project management
  - Aspects of project performance to be managed
  - Definition of delivery approaches: linear-sequential, iterative-incremental, hybrid.
- Describe Key Concepts Related to Project Management
  - Common reasons why project management is used
  - Common challenges that PRINCE2 is designed to address
  - Characteristics of a project
  - Projects in context/project environment
  - Features and benefits of PRINCE2

### Module 2 Understanding How the PRINCE2 Principles Underpin the PRINCE2 Method

- Explain the PRINCE2 Principles
  - Ensure continued business justification
  - Learn from experience
  - Define roles, responsibilities, and relationships
  - Manage by exception
  - Manage by stages
  - Focus on products
  - Tailor to suit the project

- Explain the Application and Tailoring of PRINCE2 Principles
  - How and why the principles provide the basis of applying PRINCE2
  - Factors influencing the way the PRINCE2 method can be tailored and applied

## Module 3 Importance of People in Successful Projects

- Define Key Concepts Related to the People Element
  - Organizational ecosystem
  - Project ecosystem
  - Change management
  - Stakeholder
  - Culture
  - Collaboration and co-creation
  - Leadership and management
- Explain Differences and Key Concepts
  - Difference between people within the project and those affected by the project
  - Importance of change management and stakeholder engagement
  - Communication
  - Effective teams: diversity, capability, competence
- Explain Management Products for People Element

- Explain the Purpose of PRINCE2 Processes
  - Starting up a project
  - Directing a project
  - Initiating a project
  - Controlling a stage
  - Managing product delivery
  - Managing a stage boundary
  - Closing a project
- Objectives of PRINCE2 Processes
- Context of PRINCE2 Processes

# PRINCE2 **Practitioner** Certification Course Overview

## Module 1 Applying PRINCE2 Principles in Context

- Analyze the application of PRINCE2 principles in context
  - Ensure continued business justification
  - Learn from experience
  - Define roles, responsibilities, and relationships
  - Manage by exception
  - Manage by stages
  - Focus on products
  - Tailor to suit the project

## Module 2 Applying Effective People Management in Successful Projects

- Assess whether an approach to leadership and management of teams is appropriate
- Assess whether an approach to leadership and management of change within a project, and people affected by a project, is appropriate
- Apply the approach to communications and people central to the method
- Apply the key management products required to support the people element of projects
  - Communication management approach
  - Change management approach

## Module 3

## Applying and Tailoring Relevant Aspects of PRINCE2 Practices in Context

- Apply the PRINCE2 'business case' practice, demonstrating an understanding of key management products and areas of focus for key roles
- Analyze whether an approach to applying the 'business case' practice is effective and fit for purpose
- Apply the PRINCE2 'organizing' practice, demonstrating an understanding of key management products and areas of focus for key roles
- Analyze whether an approach to applying the 'organizing' practice is effective and fit for purpose
- Apply the PRINCE2 'plans' practice, demonstrating an understanding of key management products and areas of focus for key roles
- Analyze whether an approach to applying the 'plans' practice is effective and fit for purpose
- Apply the PRINCE2 'quality' practice, demonstrating an understanding of key management products and areas of focus for key roles
- Analyze whether an approach to applying the 'quality' practice is effective and fit for purpose
- Apply the PRINCE2 'risk' practice, demonstrating an understanding of key management products and areas of focus for key roles
- Analyze whether an approach to applying the 'risk' practice is effective and fit for purpose
- Apply the PRINCE2 'issues' practice, demonstrating an understanding of key management products and areas of focus for key roles
- Analyze whether an approach to applying the 'issues' practice is effective and fit for purpose
- Apply the PRINCE2 'progress' practice, demonstrating an understanding of key management products and areas of focus for key roles
- Analyze whether an approach to applying the 'progress' practice is effective and fit for purpose

## Module 4

## Applying and Tailoring Relevant Aspects of PRINCE2 Processes in Context

- Carry out the 'starting up a project' process, demonstrating an understanding of activities, inputs, outputs, and recommended roles
- Analyze whether the 'starting up a project' process is effective and fit for purpose
- Carry out the 'directing a project' process, demonstrating an understanding of activities, inputs, outputs, and recommended roles
- Analyze whether the 'directing a project' process is effective and fit for purpose
- Carry out the 'initiating a project' process, demonstrating an understanding of activities, inputs, outputs, and recommended roles
- Analyze whether the 'initiating a project' process is effective and fit for purpose
- Carry out the 'controlling a stage' process, demonstrating an understanding of activities, inputs, outputs, and recommended roles
- Analyze whether the 'controlling a stage' process is effective and fit for purpose
- Carry out the 'managing product delivery' process, demonstrating an understanding of activities, inputs, outputs, and recommended roles
- Analyze whether the 'managing product delivery' process is effective and fit for purpose
- Carry out the 'managing a stage boundary' process, demonstrating an understanding of activities, inputs, outputs, and recommended roles
- Analyze whether the 'managing a stage boundary' process is effective and fit for purpose
- Carry out the 'closing a project' process, demonstrating an understanding of activities, inputs, outputs, and recommended roles
- Analyze whether the 'closing a project' process is effective and fit for purpose

**Are you ready for the PRINCE2 Foundation and Practitioner Exam?**

**Test your knowledge now!**

Invensis Learning's PRINCE2 assessments help individuals evaluate their readiness and knowledge in preparation for the PEINCE2 Certification exam.

By taking PRINCE2 assessments, individuals can identify areas where they may need additional study or practice and improve their confidence and exam performance.

Take our PRINCE2 assessment test and evaluate your skills!

# Certificate

Upon completion of this PRINCE2 Training and successfully attempting the exam, you will receive PRINCE2 Certification from AXELOS.

PRINCE2® 7
Accredited Training Organization
PeopleCert ON BEHALF OF AXELOS

# User Testimonials

**A very practical package of PRINCE2 courses with an experienced trainer.**

The courses (both PRINCE2 Foundation and Practitioner) have been very helpful in advancing my career as a PM in the international public and private sectors. The trainer is a solid professional. At this stage, I am confident I can take the exams shortly and obtain PRINCE2 Foundation & Practitioner Certification— 7th Edition with PeopleCert.

**- ChristopherdeAndres**

The online course on PRINCE2 Practitioner provided a comprehensive overview of the methodology, which was beneficial. The course content was well-structured, and the use of real-world examples helped students understand how principles are applied.

**- Rammoaghen Nandakumar**
